SUBJECT No. 136.

Construction of a new building for the Anglo-Hindustani school at Tarikere.

Mr. T. Syed Khaja Peeran Saheb, Muslim Association, Tarikere.

Summary of Discussion.—For about twenty years, classes are being held in the existing building which has been badly damaged during the recent rains and it is very necessary to provide a new building. If no new building can be provided at present, one or two rooms at least may be added on to the existing building so as to provide sufficient accommodation.

Inspector-General of Education.—The present building is sufficient for the present strength of the school. If it is very much dilapidated, it is not worth repairing.

Dewan.—Will be enquired into by the Inspector-General of Education.

SUBJECT No. 137.

A Lady Sub-Assistant Surgeon to the Dispensary at Mudgere.

Messrs. B. Rangarajiah and N. Kalle Gowda, Mudgere, Taluk.

Messrs. B. Rangarajiah and N. Kalle Gowda.—The people in the malnad parts are suffering a good deal for want of a lady Sub-Assistant Surgeon. The population of the Mudgere Town consists mostly of Mahomedans who observe *purdah* system and the want of a Lady Sub-Assistant Surgeon is keenly felt. It is very difficult to secure good medical aid for women who observe the gosha system when they fall ill. When he last visited the malnad parts, the Dewan was kind enough to promise to look into this question and to grant our prayer. The request is very urgent and may kindly be sanctioned early.

First Member of Council.—There is a paucity of Lady Doctors. A Lady Doctor for the Kallurkatte Dispensary has been sanctioned but one could not be sent as none was available. When hands are available, the request will be considered.

Dewan.—I quite sympathise with your request. We will see what can be done.

SUBJECT No. 138.

Abolition of the 1st class travellers' bungalow and conversion of the Town Hall into a 2nd class travellers' bungalow at Mudgere.

Mr. B. Rangarajiah, Mudgere Taluk.

Summary of Discussion.—Very few travellers make use of this travellers' bungalow and there are not many travellers that visit these parts. Hence the first class travellers' bungalow may be converted into a second class travellers' bungalow and located at the Town Hall, the present travellers' bungalow being handed over to the Education Department for the use of the teachers. The D. P. W. lodge may be given to the Amildar for his quarters and his present quarters may be otherwise utilised.

Reply of Government.—The question will be investigated.

SUBJECT No. 139.

A waiting room at the Narasimharajapur Tramway Station.

Mr. Danivasa Shankarappa, Narasimharajapura Sub-Taluk.

Summary of Discussion.—Though there is a nominal time-table of arrivals and departures, it is not kept up to and sometimes passengers are made to wait for half an hour or more. There is many an occasion where passengers have missed connection to other trains. There is no accommodation for passengers to wait for these trains and much inconvenience is felt. Hence it is requested that a waiting room may kindly be ordered to be constructed early.

Mr. C. Subba Rao.—The necessity for the construction of a waiting room is real and may be sanctioned as early as possible. When the Dewan and Members of Council visit these parts, the Railway authorities will be very careful to keep up to the schedule time but at other times they are very indifferent, and people are put to much inconvenience.
